

MONOTYPE MARATHON 2008

Novice Workshop

THE MONOTYPE is a one-of-a-kind print characterized by an overall sense of spontaneity and expressiveness. Working on a plate with ink and using brushes, brayers, fingers, rags, Q-tips, and other assorted tools, artists enjoy the thrill of making an original work of art when the completed plate is run through the press, transferring the ink onto paper.

THE NOVICE WORKSHOP is an opportunity for a limited number of “novices” to experience the monotype-making process, with assistance from experienced artists in a no-pressure environment.

The workshop is held in conjunction with the ICA's **Monotype Marathon 2008** event, a creative collaboration among the ICA, San Jose State University, Foothill College, Kala Art Institute, Monterey Peninsula College, and Pacific Art League. Further details about **Monotype Marathon 2008** are available at www.sjica.org.
